

## Company Profile

JetSolution Aviation Group, a leading business aviation professional firm headquartered in Hong Kong, specializes in providing arrays of professional services in relation to business aircraft privately owned by individuals or corporations, commonly known as private jets.

Our team of experts incorporates their hands-on experience and proficient aviation knowledges to present our innovative one-stop service under one roof. JetSolution is renowned in delivering customized solutions beyond aircraft owners' expectation positioning us as respected leader in the global aviation industry.

We ease aircraft owners' peace-of-mind throughout aircraft ownership and utilization experience with our reliable commitment to perform from buy / sell transactions, financing, technical, legal and compliance, crewing and operational, design and refurbishment, delivery and asset protection as well as chartering flight arrangement. We are the wise key to the ultimate decisions of aircraft owners / users.

## Signature Charter Flight Services

JetSolution strives to anticipate every details of your aircraft charter requirements. Our owned charter fleet equipped with advanced technologies and tastefully designed cabin, operating by US FAR Part 135 world-class operator with highest safety standard and all experienced crew members thoroughly trained by FlightSafety International direct access to worldwide operators, we connect our VIPs on our flights to every corner of the world.

JetSolution maintains the highest pedigree of safety and security measures with detailed mind to service delivery assuring every safest, convenient and pleasurable journey.

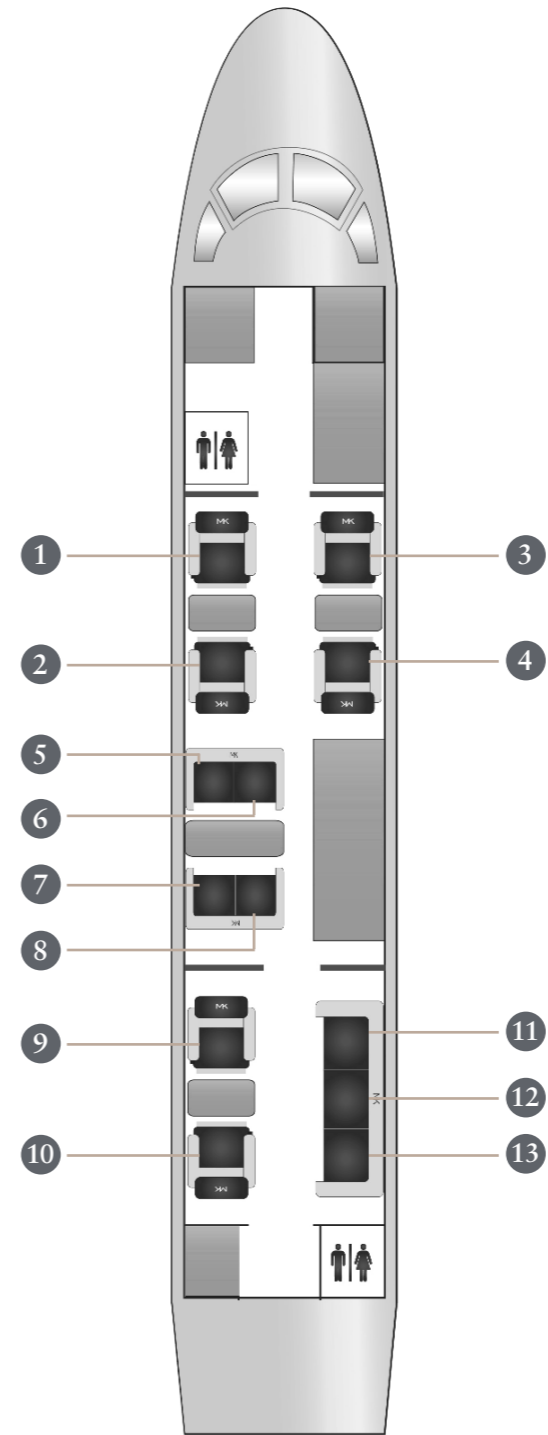

The image shows a close-up of an airplane's fuselage against a clear blue sky. Two oval-shaped windows with white blinds are visible on the left. A large, stylized, gold-colored swoosh graphic runs horizontally across the fuselage. To the right of the swoosh, the text "JetSolution" is written in a large, elegant serif font, with a thin gold line arching over the letters. Below it, "Aviation Group" is written in a smaller, simpler sans-serif font.

## Comparison on Aviation Compliances and Safety Regulations

### N888JK

- Safer with high operating standard for charter
- With insurance protection covering charter passengers

### Other Aircraft

- Illegal for charter
- No insurance protection for charter passengers
- Less compliance in operations

	US FAR Part 135	US FAR Part 91
<b>Flying Purpose</b>	Legal and eligible for revenue flights for charter use.	Restricted for non-profitable flights for private owners only. Illegal for charter use.
<b>Runway Requirements</b>	The aircraft must be able to land a full stop within 80% of the length of the runway.	Runway length is determined only by aircraft requirements and limits.
<b>Weather Requirements</b>	Aircraft must not enter an airport without weather reporting facilities unless the alternate airport has approved the weather report.	The aircraft can use the Instrument Landing System to land without a weather report, and the pilot can determine when it is safe for landing. In addition, the aircraft may take off at an airport below the minimum IFR weather.
<b>Crew Duty Hour Requirements</b>	The crew must comply with specific working hours and rest requirements. In general, pilots can only work up to 14 hours per duty day. Otherwise, the crew needs to rest for recovery once they reach the maximum duty hours.	There are no specific requirements on the flight crew's working and resting hours.
<b>Drug and Alcoholic Examination</b>	Under specific circumstances, the crew is required to undergo drug and alcohol examination in accordance with US FAR Part 135 requirements.	Drug and alcohol examination on the crew is not required.
<b>Overseas Restrictions and Charges</b>	Certificate holders operating abroad must comply with bilateral air transport agreements with these countries. These agreements will charge operators complying with US FAR Part 135. Increasing costs for higher operating standard.	Additional fees may apply, but usually do not require additional licenses to operate abroad.
<b>Insurance</b>	US FAR Part 135 requires the owner to provide additional insurance to protect the interests of each passenger including charter passengers.	If passengers are using US FAR Part 91 aircraft for illegal charter, no insurance will be covered even they pay the charter fees.

We accommodate in the most luxury hotel, exclusive dining experience in the palace and attending the red-robed monks performing sacred ceremonies in the monasteries. We arrange personal guide in Bhutan to cater for all you travel aspirations.

## Taj Mahal

Taj Mahal is one of the national symbols of India and receives millions of visitors every year. As with similarly famous, popular, and fragile sites around the world, this huge influx of tourists imperils the physical fabric of the monument. It was built by a Mughal Emperor called Shahajahan in the memory of his beloved wife. This is considered the finest example of the Mughal Architecture with a combination of elements of person, Indian and Islamic. It becomes popular not only for its architecture but for the inspiration by romance. Travel with our private jet from Agra, and go to discover this masterpiece!

## Palau

Palau is a paradise located in the southwest of Philippines. It is an archipelago of about 200 largely pristine limestone and volcanic islands, blanketed in emerald forest, surrounded by a shimmering turquoise lagoon. Unsurprisingly, diving is the number-one activity here, with truly world-class dive sites. If you are looking forward to abundant relaxation and natural beauty, Palau is the place for you.

## Pink Lake

Western Australia is home to many beguiling natural attractions, but its extraordinary and famous pink Lake Hillier is a sight to behold. Discovered in 1802 by a Royal Navy explorer its strawberry milkshake color is awe-inspiring. Lake Hillier is situated in near the coast of Middle Island in the Recherche Archipelago to the south of Western Australia. Meanwhile, it lies just next to the Pacific Ocean, thus if you watch it from above, the contrast between the mellow pink of the lake and the blue of the ocean is striking. Its pink color is less accentuated when viewed from the surface, however, it is very prominent from above. Imagine you travel with our private jet and surround yourself with such rare and natural phenomenon, the moment is precious!

## Maldives

Unrivalled luxury, stunning white-sand beaches and an amazing underwater world make Maldives an admirable choice of holidays. With the best diving and snorkeling in the world, dolphins and turtles all over clear waters of Maldives are a magnet for those with an interest in marine life. The richness and variety are astonishing; dazzling coral walls, magnificent caves and schools of brightly colored tropical fish awaiting you when you joined the reef. In deeper waters lurk manta rays, turtles, dolphins and even the world's largest fish, the whales. It's not surprising that honeymooners looking for romantic tranquility and those seeking a glamorous getaway for islands fantasy put Maldives at the very top of their wish lists.
