

QR Charter

QR Charter service offers quality, reliable and cost-effective global charter solutions to an extensive network of more than 160 passenger and over 60 freighter destinations with one of the youngest fleet in the skies. We also offer charter solutions to destinations that are not part of our scheduled services.

Our range of services:

- **Full Charter:** The entire capacity of the aircraft
- **Partial/Split Charter:** Partial freighter capacity
- **Combination Charter:** A cost-effective combination of scheduled and charter solutions

Industries we serve:

- Oil and gas
- Hi-tech goods, electronics and product launches
- Pharmaceuticals, perishables and life science
- Mining
- Automotive
- Events and exhibitions
- Aid and relief
- AVI and livestock
- Arts and antiques
- Dangerous goods

Our benefits include:

Fully-integrated charter services:

Through our more than 160 passenger and over 60 freighter destinations, combined with an extensive global partner network of interline and road feeder services, we offer fully-integrated charter services worldwide.

Competitive pricing:

Operating the most fuel-efficient aircraft in the industry allows us to pass cost-saving measures to our customers.

Fleet:

Our growing freighter fleet of twenty five freighters includes the use of Boeing 747-8, Boeing 777 and Airbus A330 freighters.

Quality and reliability:

Our sophisticated cargo terminal at Hamad International Airport is the hub for our expanding global air freight business, enabling seamless and efficient cargo services. The cargo handling facility sets new standards of service and quality globally.
