

EMPIRE AVIATION GROUP

Empire Aviation Group

Established to meet the needs of discerning high net worth individuals and corporations, Empire Aviation Group is a private aviation company that offers a comprehensive spectrum of five-star services and tailored solutions.

Headquartered in Dubai - UAE, Empire Aviation Group manages one of the largest and most diverse fleets of business jets in the Middle East on behalf of various owners. Our services - whether for business or pleasure - include a full bespoke management service, aircraft acquisition, charters and flight operations.

Empire Aviation Group is approved for worldwide operations and continual airworthiness management (CAMO) by various international aviation authorities. Our UAE based aircraft are placed on our GCAA approved Air Operators Certificate for commercial operations. For private operations, we are approved by the authorities of Bermuda, Cayman Islands and the Isle of Man.

Our extensive management fleet network extends to the Gulf, Africa and the Indian Subcontinent.

Personalised Aircraft Acquisition

Empire Aviation Group offers the most comprehensive range of service options possible. With years of collective industry experience and a thorough knowledge of the new and pre-owned aircraft market, we are able to provide our clients with impartial acquisition advice.

We recognise that purchasing a new or used private jet is a significant financial investment. It is, therefore, important to gather as much information as possible to help guide our clients to buy the right aircraft, at the right price.

We offer guidance and advice at every stage of the process: scouring the globe for the aircraft that will meet our client list of requirements; carrying out rigorous inspections to ensure the aircraft meets our very particular standards; handling finance, insurance and other administrative arrangements, and ultimately ensuring a smooth, simple, stress-free aircraft acquisition and induction experience.

We can source any type of new or pre-owned aircraft from anywhere in the world to meet your objectives.

Aircraft Management

Empire Aviation Group offers a full management service to aircraft owners, based on a distinctive asset management approach. We assist owners in optimising their investments and help protect the long term value of their aircraft assets, covering all aspects of the aircraft's operation including the maintenance management and the option of charter.

We carefully manage a client's aircraft according to industry best practices. Our flight crew training, aircraft maintenance, airworthiness management, flight operations, flight safety and security systems are all of a world class standard.

EAG's managed fleet network has grown to include the Middle East, Africa and the Subcontinent and includes some of the most advanced and valuable business jets in the world.

The expertise of an aircraft management company is essential.

Aircraft Charter

Empire Aviation Group provides jet charters to private, corporate and leisure travellers all over the world. Through our extensive network of aircraft operators, we have access to a selection of over 4000 aircraft worldwide.

Every customer has specific needs and requirements, so it is vital we pay extra attention to even the smallest of details when handling the enquiry. We provide a selection of suitable aircraft to cater for specific budgets and demands - from cost-effective and practical to the ultimate in luxury amenities.

Every trip is assembled and executed with unparalleled attention to detail by our dedicated 24/7 charter executives.

We have an extensive network of operators with over 4,000 aircraft located worldwide.

On-board Services

We take pride in delivering a seamless luxury travel experience when it comes to private jet travel. Our 5-Star service starts from departure and ends at the final destination.

Our onboard cabin crew are experts in corporate flying and are highly skilled in creating delightful and luxurious meals that can cater to every requirement.

Spacious cabins are well presented with luxurious seating and state of the art entertainment systems, providing the right atmosphere to reach your destination feeling refreshed and relaxed, whilst enjoying the attention of our on-board services.

Enjoy a comfortable and hassle free journey each and every time.

Operations - Always in Touch

Offering 24/7 worldwide support and client service, our in-house flight operations centre safeguards that the trip requirements of our private aircraft owners and charter clients are planned with the utmost care and attention to detail.

We have an extensive flight operation network covering the Middle East, Africa and Subcontinent. The EAG flight ops team is kept busy actively monitoring and managing flight missions to ensure a smooth, timely service for our aircraft and passengers.

Analysis and planning of routes, overflight/landing permissions, on-board conveniences, ground transportation, and onward journey requirements are all handled with professional care and confidentiality.

Every aircraft managed and operated by Empire Aviation Group is maintained in accordance with the highest standards set by aviation regulations for Private Aircraft.

Our solid commitment to service excellence means that clients will always be assured of the highest level of safety and professionalism.
