

## COME FLY WITH US

We offer a bespoke aircraft service ranging from charter flights for business or leisure, professional maintenance of your private jet, professional aircraft acquisition and sales service, and tailored management solutions, including EASA Part-NCC assistance.

Based at Biggin Hill Airport, Kent, we are within easy reach of London, the rest of the UK and Europe. We provide support 24 hours a day, seven days a week, servicing the diverse needs of aircraft owners, charter clients and maintenance customers.

We are committed to upholding unrivalled standards of quality, safety and service.

**Zenith Aviation - quality without compromise.**

## CHARTER FLIGHTS

Zenith Aviation's charter flight service offers luxury, flexibility and control, giving you the ability to dictate your own schedule, be it for business or pleasure.

Our highly trained crew and team of experienced aviation professionals are available 24 hours a day, catering for a range of requests. We pride ourselves on our attention to detail, ensuring we are your first choice for charter.

Our fleet is operated under Zenith Aviation's UK Air Operator Certificate, using our own crews and maintained under our own licences and approvals.

We are DEFRA approved to carry dogs, cats and even ferrets. Travel safe in the knowledge your pets will be with you in the cabin, comfortable and safe.

It is this level of control that sets us apart from other aircraft operators and ensures that we deliver the best service the market has to offer.

## AIRCRAFT MANAGEMENT

The team at Zenith Aviation benefit from many years experience in managing our own fleet of aircraft and those of our clients.

We are committed to offering the best possible service and provide bespoke solutions at competitive prices, without compromising on quality and safety.

Our proactive team manage and plan operations and crew effectively, ensuring every aspect of aircraft ownership is pleasurable and hassle-free. Our management programmes are individually tailored to suit each owner's specific requirements, ranging from full management services to overseeing operations and maintenance of your aircraft.

When buying a new aircraft or switching from an existing management provider, we're there to guide you through your journey.

## MAINTENANCE & CAMO

Zenith Aviation's maintenance personnel understand the needs of commercial and private aircraft operators.

Our EASA Part 66 licenced engineers are 'factory trained' and committed to ensuring your aircraft is maintained and repaired to the highest standards.

Our continuing airworthiness management personnel work to the exacting standards required by EASA regulation, never losing sight that minimum disruption to service is pre-requisite.

All our maintenance activities are supported by a quality assurance system, guaranteeing that all maintenance work performed by Zenith Aviation will meet regulatory requirements.

Our dedicated management team are highly efficient and effective in providing an exceptional service for you and your aircraft.

## AIRCRAFT SALES

Whether you're acquiring or selling an aircraft, Zenith Aviation offers a transparent and simple service.

By combining product information, market data, suitability analysis and strong industry relationships, we help to ensure a successful acquisition or sale for existing and prospective owners.

We offer unbiased advice on all ancillary aspects of owning, operating and maintaining an aircraft, whatever its purpose.

We take care of all the specific requirements utilising our in-house expertise including aircrew, lawyers, finance, interior completion and management.

We manage and operate business jets, delivering and surpassing owners' expectations each and every day.
